

# STRENGTH BEYOND COMPARISON

With 2000 lb. load

## ONE 9X5 TAPCO POLYETHYLENE ELEVATOR BUCKET SUPPORTS A 2000 LB. VOLKSWAGEN!

Only TAPCO buckets are molded from **prime virgin** polyethylene in a grade this tough.  
The most common cause of bucket elevator downtime is "bucket failure".  
TAPCO buckets keep working long after other brands fail!  
Minimize your downtime. Use TAPCO elevator buckets.
